UNIFYING THE INDIAN APPAREL INDUSTRY SINCE 1963

THE CLOTHING MANUFACTURERS ASSOCIATION OF INDIA

CMAI was created in 1963 with a vision to bring together the widespread Indian Apparel and Textile markets through interactive forums and platforms. Today it is the most reputed Association in the Industry representing an extensive cross-section of Manufacturers, Brands, and Retailers. CMAI has garnered huge respect and credibility not only within the Industry, but also with the Government, and National and International Trade Associations, and other foreign agencies.

CMAI's members include the who's who of the apparel industry and offers its services to Manufacturers across India – with offices in Bengaluru, Pune, Delhi and Mumbai. It also has Affiliated Associations in Rajasthan and Madhya Pradesh.

To the rest of the world, CMAI has become the face of the Indian Apparel Industry by being its sole representative in prestigious International Forums such as the International Apparel Federation (IAF) headquartered in the Netherlands.

As an active catalyst in the industry, CMAI has become an agent of change through the Garment and Trade Fairs that it has conceptualized at Regional and National levels. The bi-annual National Garment Fair (NGF) is now the largest Apparel Trade show organized in the Country. This trade fair connects National and Regional Brands, Manufacturers and Fashion Accessories to pan-India retailers and their distribution channels including importers, High Street Retailers, Agents and Distributors and E-Commerce Companies.

The NGF serves as a single-sourcing destination for Retailers leading to efficiency of time and cost and also manages to give the overall Domestic Market a substantial boost in terms of growth.

AND NOW LAUNCHING THE FABRICS, ACCESSORIES & BEYOND SHOW

Never before has there been a show like The FAB Show in India. This one-of-a-kind trailblazer of a show is being launched by CMAI to bring the entire Apparel Industry, and its complete supply chain under one roof.

FAB will be a unique platform for all participants to showcase their product or services. The FAB format has been designed to suit not only Corporates - big and small - but also Dealers, Distributors and Businesses of all sizes from the entire Supply Chain for Apparel Manufacturers.

The vision behind FAB is completely future-forward. Using the first FAB event as a foundation, CMAI aims to build the biggest supply chain exhibition-cum-trade show in the garment industry, over the next few years. This would cover the entire gamut - from supply chain to the apparel manufacturers across the domestic and export sectors. CMAI intends to raise the number of FAB exhibits to 1000+ by the 4th year. This will be no ordinary niche show, but one where the entire garment industry supply chain will be showcased.

The scale envisioned for FAB is immense. It will facilitate any Apparel manufacturer to source all inputs required - from Fabrics to Accessories, Services, Machinery and Beyond. It will also be important enough to attract every serious manufacturer who wants to be in the know about the latest trends, developments and innovations in the industry's supply chain - through physical exhibits and knowledge sharing platforms.

A #FAB SHOW FOR THE FIRST TIME IN INDIA!

WHAT MAKES #FAB SO FAB-ULOUS!

FAB FEATURES

To ensure that the event is truly 'FAB-ulous', CMAI has set up a unique set of sections.

The LET'S TALK OF TOMORROW Section - A futuristic Trends Pavilion which will showcase the top-most Corporates, Mills and large scale Manufacturers of Fabrics, Yarns and other products displaying their latest trends, forecasts and predictions.

The LET'S TALK BUSINESS Section - a Business Pavilion where Manufacturers, Distributors and Traders will be displaying ready goods for actual conduct of business.

The LET'S THINK OUT-OF-THE-BOX Section- A thought-provoking series of Seminars and Round Table discussions by leading experts and industry stalwarts will be conducted to discuss the latest trends, developments, and innovations.

The LET'S MEET ONE-ON-ONE Section- A special Networking Lounge which will enable a close knit personalised meeting space for Participants and Visitors to mix, meet and understand each other better.
