Speaking about the success of FAB show, Rajesh Masand,

impact of this grand sourcing event will resonate across the garment industry supply chain, promising not only immediate business but also long-term strategic developments and new sourcing relationships for all stakeholders involved. The remarkable success of this year's show reflects a buoyant industry outlook, fuelling optimism for a robust recovery in the upcoming seasons. This resurgence comes at a crucial time as our industry was stressed with tepid demand and recent challenges like the amendment affecting MSME payments. With the positive momentum generated by the FAB Show, there is a renewed confidence that the industry outlook will soon be back on growth path."

This year's FAB Show was a focal point for industry innovation and sustainability, showcased by over 200 domestic exhibitors, including major names like Grasim, Arvind, Siyaram's, Gokul Print, Jindal, Banswara Syntex, Ruby Mills, Bhagwan Enterprise apart from many MSME's. Noteworthy participants from diverse sectors such as fabric suppliers, accessories manufacturers and software developers demonstrated their latest offerings and services to a discerning audience.

"FAB Show 2024 has set a new

& apparel industry, reflecting our commitment to driving growth and sustainability," said Naveen Sainani, Chairman FAB Show, CMAI. The Sustainability zone was a major attraction at the fair which showcased fabrics crafted from waste, recyclable materials and educated about benefits of waste water management promoting innovation & circularity which is a cornerstone of CMAI's holistic strategy to engage, educate, and inspire the garment industry. He further elaborated "Our environment is changing and if the world can't avoid deforestation, we need to invest in reforestation. On behalf of the 2876 visitors who pledged to voluntarily become earth warriors, CMAI will be planting 2876 tree saplings to create a healthier environment, fight climate change, and protect biodiversity".

The Surat Pavilion organised by the Southern Gujarat Chamber of Commerce & Industry (SGCCI) showcased over 40 leading fabric manufacturers for the fourth consecutive edition of FAB. One of the key reasons for the popularity of the Surat pavilion amongst the visitors is their ability to present the latest trends and understand the needs of the garment industry. Speaking about the current business landscape, Sidharth

a leading fabric manufacturer from Surat, expressed, "We have seen a steady growth over the last year, which slowed down in the last few months due to the MSME payment amendment that came in. This year, we are confident that starting June till December, signs of growth will become evident as we deliver the merchandise to manufacturers, which they will provide in the market." Another participant, Ritesh Patel, Director, Surbhi Textile Mills from Surat said "We received an extraordinary response for all of our products and the presence of buyers from all across the country gave us a great exposure. We are looking forward to participate in the next CMAI show".

Speaking about their business outlook, Murugan Thenkondar, President - Marketing & Global Head - Business Development, Aditya Birla (Cellulosic Fibres) stated "The export market is facing lot of turbulence currently and our domestic market has been growing steadily which is the reason we are exhibiting here. CMAI has been highly successful in presenting the textile value chain to participate mainly cloth manufacturing brands, yarns, weavers, knitters, spinners and fibres thus offering a one-stop-destination to meet sourcing requirements. Distinguishing from

annual platform for the domestic customers and we are seeing a lot of positive energy at the show".

MEDIA COVERAGE

Businesses push back on 45-day payment deadline

The recent proposal to ensure payments to MSMEs within 45 days under Section 43 B(h) of the Income-Tax Act has sparked concerns across industries. This clause mandates that any payments owed to MSMEs unresolved within 45 days will not qualify for tax deductions until they are made.

Given that industries often operate on a credit-day cycle of 90-120 days, the 45-day window could significantly impact their incomes or working capital. For example, according to the Clothing Manufacturer's Association of India (CMAI), MSME apparel manufacturers are projected to suffer losses of Rs 5,000 to Rs 7,000 crore in the Jan-March quarter due to this amendment.

In response, the Rajkot Chamber of Commerce and Industry (RCCI)

has requested a delay in implementing the section which was introduced in the recent budget. They have also called for the allocation of a convention centre and an MSME Bhavan with essential amenities for the business community in Rajkot. Additionally, the RCCI has advocated for establishing a GST appellate tribunal bench in Rajkot, as business owners from the Saurashtra region are currently forced to travel to Ahmedabad for appeals.

Furthermore, the industry body has emphasized the need for improved air and rail connectivity from Rajkot. "Two daily morning flights directly connecting Rajkot with Delhi and Mumbai should be launched, along with a train linking Okha and Haridwar," said a representative of the industry.
